MRS. EMELENE M. COLE,
194 North 9th,
Coos Bay, Oregon.

GREETINGS:-- With our second Dahlia list, and probably our last one, as we must quit the Daffodil and Dahlia business, which we started a few years ago. This little venture has been fun, with lots and lots of hard work--we've made many friends over the country and many of those friendships will continue.

Our Dahlia collection consists mainly of Cactus, miniatures and Poms. The few Decoratives that we list, are very fine varieties which we liked and grew for our own enjoyment, but since we have surplus tubers of those also, we are listing them this time. We list many fine new rare ones, and in many cases we have only a few tubers of the variety, as low as four or five. Since we have taken many orders locally, won't you please allow us to substitute if we have to. We will do so with either a similar variety or a higher priced one. We believe that we have a very fine, wide and varied collection of the best in Dahlias. Mostly we have tried to make the prices lower and attractive in order to dispose of all of our tubers.

: TERMS: If interested in varieties on our list, do :
: send your orders right away--we will either make de- :
: livery now or hold the tubers for spring delivery. :
: We will prepay all orders for \$3.00 and over this :
: side of the Mississippi River, on all others please :
: include .35¢ to help pay transportation costs. We :
: guarantee all tubers to be true to name and with a :
: growing eye. :
: -----

WE LOVE SENDING SOME VARIETY WHICH WE LIKE VERY MUCH
ALONG WITH EACH ORDER, SOMETIMES WE SEND SEVERAL.
